

Number 2—July 2011

How WuD works

WakeUp Deborah is a movement that encourages mothers:

To pray daily for their children.

A mother's prayer is a powerful tool for transforming her family, her community and the world.

To get together to pray and support each other.

How to start a WakeUp Deborah prayer group?

- Believe that God's Spirit is planting this desire in the hearts of other mothers.
- Ask the Lord who those mothers are. Ask him to reveal their names to you, or bring you into contact with them.
- Share your heart and vision with those ladies. Invite them to pray to be a part of an initial launch group.
- Get together to pray and seek the Lord's strategy for your group. Brainstorm ideas, formats, activities, promoting. Each WuD group is unique.
- Start a group. Over time you will be astonished with God's answers to your prayers!

Dana, from Haliburton, Ontario followed this pattern and this is what she wrote:

Well, I have a team of 3 women to head up our WakeUp Deborah ministry! Keep us in your prayers as we meet to plan our group..., There has been lots of talk about our WuD group and I'm hearing lots of excitement and interest from the local women.

Thanks for your prayers!
